

Public Health

Master of Public Health (MPH)

Public Health Generalist Degree

College of Health Sciences and Pharmacy • Department of Public Health • MPH Degree

Degrees Available at CSU: Bachelor of Sciences • Public Health

The Department of Public Health at Chicago State University provides a Master of Public Health (MPH) generalist degree. Our program offers fully online and traditional programming, ensuring flexibility for students while equipping them with skills for both conventional and non-traditional career paths. Our program aims to improve health by addressing the social determinants of health and health inequities in communities. We offer a variety of paths that include an emphasis on Health promotion and education, data analytics and health policy and management.

Admission Requirements:

Students seeking admission must apply through the Graduate Admissions Office. International and Transfer students must complete the same procedures through the Admissions Office. Start your admissions application through this link.
