B.S. in Finance

The College of Business offers a contemporary business program in **Finance**. We combine academic rigor in the field of business and commerce, with external projects, internships, and other experiential activities, which enable our students to apply classroom theory to real-life business situations. CSU's College of Business is accredited by the Accreditation Council for Business Schools and Programs.

Mission

The mission of the College of Business is to promote quality business education that is learner-centered and technologically responsive to a culturally and economically diverse student population. Through its programs, the College is committed to developing students by:

- Providing foundations in business for students who have the ability to, and desire to, learn.
- Producing graduates who are responsible, discerning, ethical, and informed citizens with a commitment to lifelong learning, business leadership, entrepreneurship, service, and being a change agent locally and globally.
- Fostering a collegial environment that values the personal growth and academic success of individuals through its teaching, research, service, and entrepreneurial initiatives.
- Supporting other university academic programs by collaboration and providing business instruction to enrich their curricula.

Vision

Our vision is to be an outstanding and transformational learning center committed to the development of a culturally and economically diverse student population that prepares students to change lives by leading in their respective disciplines and communities.

Highlights

The College of Business offers a Bachelor of Science degree in Business and Administration, with a concentration in Finance. Students study corporate financial management, capital markets, investment evaluation and decision making, and investment portfolio management. They learn the concepts and the methods of finance that are current in the industry. Career opportunities are available in banking, finance, investment companies, and the public sector. Finance prepares individuals to provide financial or banking services to individuals or institutions. Occupations include financial managers, budget analysts, loan officers, analysts, and business executives.
